

Our year in review!

Let's reflect on what we've achieved together in the 2023/2024 year.

From connecting communities to strengthening our Waipā District, we've delivered nearly \$130 million in projects across 160 programmes – what a year it's been!

Everything we do reflects our commitment to our values and building a brighter future together.

Socially Resilient
Balloons visit Waipā returned! Events drive economic activity and promote Waipā as a great place to live, work, invest in, or visit. It's all about people—putting you and your whānau first.

Cultural Champions
The Cambridge Wastewater Treatment Plant integrates western science and Mātauranga Matariki framework, forming the foundation for all decisions throughout the project's lifestyle.

Environmental Champions
Protecting and sustaining our unique environment to leave it better than we found it with our vast waste minimisation education programme.

Economically Progressive
Industrial businesses in Waipā have more land to call home following a decision to rezone additional land for development in Hautapu, earlier than expected.

Waipā at a glance

A snapshot of the work shaping our communities this year.

109,000

Cambridge and Te Awamutu Park Road pathway users

17.9 per cent increase in bus service users

160,000 library visitors
