This is a submission on the following proposed plan change to the Waipā District Plan
 Plan Change 26

Could you gain an advantage in trade competition through this submission? I could not

Are you directly affected by an effect of the subject matter that - (a) adversely affects the environment; and (b) does not relate to trade competition or the effects of trade competition? I am

Do you wish to be heard (attend and speak at the Council hearing) in support of your submission? I do not

If others make a similar submission, will you consider presenting a joint case with them at the hearing? Yes

Do you support the proposed change(s)? I oppose

The specific provisions of the plan change my submission relates to are (give details):

I don't agree with the Government imposed intensification. Any intensification should be decided by individual areas through local Councils. By having mandated regulations it takes no account of the heritage and infrastructure of the area. I believe that the Council should strenuously oppose this mandate so that Cambridge can develop in an orderly way that fits with its heritage and location.

My submission is

That the Council should strenuously oppose this mandate so that Cambridge can develop in an orderly way that fits with its heritage and location.

I seek the following decision/s from Council

To strenuously oppose this mandate and to ensure that the Government is aware of this. They should join with other Councils in order to oppose this legislation.
