# Submission on a Notified Resource Consent Application

## Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

This is a submission on:

**APPLICANT'S NAME:** Global Contracting Solutions Limited

**LOCATION:** 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

**The specific parts of the application that my submission relates to are:**

The whole application

---

---

**My submission is:**

**Support** parts or all of  **Oppose** parts or all of  **are neutral** parts or all of   
include—

- *the reasons for your views.*

The activity is not appropriate for the existing land use, emissions and pollutants will be released into a residential area. The Fonterra factory will be negatively impacted, and it contributes more to the town in terms of employment than this proposed facility. This type of activity does not align with the Waipa district plan and growth strategy, nor does burning carbon-based land waste help contribute to New Zealand's clean energy goals. This will be a stain on Te Awamutu's and the Waikato's image, making the environment worse for all those that live, work and grow in proximity to this proposed site, especially children and those that work with our land and water. This proposal is not well thought through, with significant amounts of information regarding the impacts of the proposal missing from the submission, including impact on water, land and human health and how this facility would impact on the community in the long term. We moved to Te Awamutu for the life that we could grow here, not the one that they plan to pollute.

---

**I seek the following decision from the consent authority:**

*give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought*

To decline this proposal.

---

**I wish (or do not wish) to be heard in support of my submission.**

- I do wish to be heard in support of my submission  
(this means that you will speak at the hearing)
- I do not wish to be heard in support of my submission  
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- If others make a similar submission I will consider presenting a joint case with them at the hearing.

I request/~~do not request~~\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: Abigail Denton

(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 13/10/23 Contact person: Abigail Denton

(name and designation, if applicant)

Postal address: 2/87 Gateway Drive Te Awamutu

(or alternative method of service under section 352 of the Act):

### Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to [submissions@waipadc.govt.nz](mailto:submissions@waipadc.govt.nz).

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

### Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4), Resource Management Act 1991

# Submission on a Notified Resource Consent Application

## Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

This is a submission on:

**APPLICANT'S NAME:** Global Contracting Solutions Limited

**LOCATION:** 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/am not directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

**The specific parts of the application that my submission relates to are:**

All of it

**My submission is:**

**Support** parts or all of  **Oppose** all of  **are neutral** parts or all of

**The reasons for my views:**

At present Aotearoa New Zealand has no municipal solid waste (MSW) incinerators. An incinerator would rely on non-renewable feedstock (plastic waste, tyres, mixed solid waste & flock) to create energy; this is equivalent to a fossil fuel production plant but much dirtier and riskier because of the different composition of the materials. The addition of non-renewable energy from waste works against efforts to decarbonise the energy sector. The incinerator would be a massive contributor to climate change; it would directly add about 150 kilo tons per year of CO2. The facility would have a carbon footprint many times greater than the same amount of waste being sent to landfill.

The incinerator would not be able to operate solely on the waste resources available locally, resulting in resources being transported from across the country to maintain 'business viability'. This is not a business that benefits the community or the environment. The company is more likely to burn recyclable materials because it must always continue to operate. The business would directly work against efforts to minimise waste and has direct implications for my work in resource recovery in an adjoining region.

The inclusion of 35,058 tonnes of plastic (as well as a considerable portion of mixed solid waste that includes plastic) does not align with the recently released National Plastics Action Plan for Aotearoa New Zealand by the Ministry for the Environment. Incineration does not replace the need for landfills - instead it takes ordinary materials and concentrates them into more toxic ash. The Waipā District Council has a great waste minimisation plan, with opportunities to develop zero waste strategies that would align with waste minimisation objectives while meeting community aspirations for a healthy environment, job creation and mitigation of climate emissions. Investing hundreds of millions of dollars into an incinerator locks in the need for continued production of waste, meaning the community misses out on other (less hazardous) reuse/ recycling opportunities further up the waste hierarchy.

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

There is no human health assessment of this proposal. An incineration plant is a hazardous facility with serious risks of harm to human health. The incinerator would emit dioxins and furans, sulphur dioxide, nitrogen oxide, mercury and particulate matter to air – many of the effects would occur far outside the region and outside the control of the responsible councils. Dioxins damage the human immune system and cause cancer – evidence shows they impact organisms far away from the emission sites; this proposed incinerator has direct implications for my health by way of toxic emissions to air. Studies have shown dioxin exposure is directly linked to non-Hodgkins lymphoma, increases in risks of miscarriages and pre-term delivery of babies. There are links to reduced male fertility. Exposure to particulate matter impacts those with respiratory problems such as asthma, cardiovascular issues, the elderly and children.

In 2016, human-made (anthropogenic) air pollution in New Zealand resulted in an estimated 3,317 premature deaths in people aged 30+ years. Of those deaths, 32 were in Waipa district. The primary causes of those premature deaths were identified as exposure to nitrogen dioxide (NO<sub>2</sub>) and particulate matter (PM<sub>2.5</sub>). An incinerator would significantly increase emissions of these pollutants and therefore likely contribute to increased premature deaths of Waipā residents.

The application proposes to burn 35,000 tonnes of tyres per year. Burning tyres emits cyanide, carbon monoxide, sulfur dioxide and variants of butadiene and styrene. Apart from the invisible toxic impact of those emissions, the effects of odour and dust have not been adequately assessed. In addition to the proposed emissions from the incinerator, there would be significant additional traffic in a residential area, adding further to air pollution and impacting particularly those who are old, very young and immunocompromised. It will change the nature of the community from a quiet residential street to an unsafe and busy thoroughfare of trucks at all hours of the day and night.

This area is not identified as an area for industrial development in the District Plan. Two areas are identified for industrial growth: at Bond Road and Paterangi Road. The location of a heavy industrial operation immediately next to existing and planned residential housing, schools and food businesses, and operating 24-hrs/day, 7day/week is not appropriate and conflicts with the intentions of the Waipā District Plan and Growth Strategy for the community.

There is no assessment of land contamination included in the application. International research shows that land directly surrounding an incinerator can be extensively contaminated by heavy metals, microplastics and other toxic emissions, not only creating a multi-generational problem needing resolution, relying on very expensive methods to remediate. The health and economic costs would be borne disproportionately by the affected community or via public funding.

In the Netherlands, research has found that the high dioxin output from waste incinerators could be responsible for contamination of cow's milk and meat. The proposed incinerator site in Te Awamutu is totally unsuitable for a large scale waste incinerator. The current "Specialised Dairy Industrial Area" designation means that the land use is intended to ensure that any activity there was aligned with Fonterra's activities. It is not appropriate to have an incinerator burning millions of tyres next to a milk production facility.

The application contains no formal Cultural Impact Assessment. Fully informed consent from Iwi and Hapū must be part of this proposal including clear disclosure of human health and environmental impacts. Taiea te Taiao was created to promote an ecological corridor to link Maungatautari and Pirongia te aroaro o

## Submission on a Notified Resource Consent Application

### Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

Kahu. This corridor will reconnect these maunga/mountains with biodiversity plantings which will enhance native species present, transform iwi connections to the Mangapiko stream, and ultimately improve water quality. An incinerator will undermine these efforts.

The incinerator would produce 23 tonnes/day of toxic ash which has to be landfilled. Incinerator ash contains heavy metals, microplastics and dioxins. The storage of highly contaminated wastewater and other hazardous substances on site risks spills and wider contamination. There is no risk assessment of the possibility of fire or explosion despite the storage of hazardous materials and highly flammable feedstock. The community only has a volunteer fire brigade.

Stormwater from the site will be discharged into the Mangapiko Stream. This water is likely to be contaminated with heavy metals and dioxin. Filtration systems and settlement ponds do not eliminate all of the toxic products meaning these will make their way into the waterways.

**I seek the following decision from the consent authority:**

I want Waipa District Council to decline this application to build an incinerator for reasons outlined above.

**I wish (or do not wish) to be heard in support of my submission.**

I do not wish to be heard in support of my submission

**You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.**

I have served a copy of my submission on the applicant.  
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I ~~request~~/do not request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter:  \_\_\_\_\_  
(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 13 Oct 2023 Contact person: Catherine de Monchy  
(name and designation, if applicant)

Postal address: PO Box 55010, Welcome bay, Tauranga 3156

#### Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B. The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to [submissions@waipadc.govt.nz](mailto:submissions@waipadc.govt.nz).

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

#### Privacy information

# Submission on a Notified Resource Consent Application

## Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

This is a submission on: **LU/0323/21**

**APPLICANT'S NAME:** Global Contracting Solutions Limited

**LOCATION:** 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

**The specific parts of the application that my submission relates to are:**

- My submission relates to the whole application.
- I oppose this application. I want the Waipā District Council to decline this application.
- I would like to be heard in support of my submission.

**My submission is:**

**Support** parts or all of  **Oppose** parts or all of  **are neutral** parts or all of

I will be personally impacted by the following:

- I have lived in Waipa for 13 years. I own a residential property in Mutu Street, Te Awamutu, which is currently a rental, and intend to retire to live there within the next 5 years. I have already planted fruit trees and intend to grow vegetables (as the tenants do currently).
- I have health issues related to my immune and cardiovascular system.
- I do not wish to be impacted by toxic emissions from the proposed incinerator which will be very close by, in an area zoned "Specialised Dairy Industrial Area" i.e. not relevant to the planned activity.
- I do not wish to be impacted by noise and vibration from increased truck traffic in the area. This impacts quality of sleep and increases stress on the body.
- I do not wish the health of my tenants to be impacted. My rental complies with the Healthy Homes Standards, and 2 children live there.
- I have helped to plant trees in Taiea te Taiao, the ecological corridor to link Maungatautari and Pirongia te aroaro o Kahu. This corridor will reconnect these maunga/mountains with biodiversity plantings which will enhance native species present, transform iwi connections to the Mangapiko stream, and ultimately improve water quality. An incinerator will undermine these efforts.
- I have helped to plant trees in the Te Awamutu Community Food Forest at Pekapekarau Reserve. These trees will provide food for local communities, especially children. Toxins from contaminated food grown in the town could have impacts on the health of people using this produce.

Other reasons for opposing the Application:

A. Untested technology

- At present Aotearoa New Zealand has no municipal solid waste (MSW) incinerators. The incinerators that were in operation around 2000 have all closed. Many of them were a significant source of dioxin contamination.
- A similar, larger, proposal for a waste-to-energy incinerator in Waimate, South Canterbury has been “called in” by the Minister for the Environment in part because this is new technology with national implications.
- Te Awamutu does not want to be a testing ground for this technology.
- Global Contracting Solutions does not have any experience of operation in waste incineration. It is a scrap metal business. The company does, however, have a track record of violating resource consent conditions in their Hamilton operations. In other countries these plants have been expensive to build, and costly to run. Projected profits may not be possible. To meet Health and Safety regulations the ongoing costs may be much higher than anticipated. Will the incinerator be monitored effectively?

B. Cultural Impact

- The application contains no formal Cultural Impact Assessment.
- Fully informed consent from all Iwi and Hapū in the area must be part of this proposal, including clear disclosure of human health and environmental impacts. Health of children in the local schools and kindergartens nearby MUST be a priority.

C. Air, Water and Land Pollution & Emissions

- The incinerator will produce dioxins that are cancer-causing even in extremely low levels. These will be emitted into the air, and will settle on the land and food crops and in the water. There is no safe level of dioxins, and these “bio-accumulate” - meaning that over time they build up in human fat tissue and in animals.
- There is no assessment of land contamination risk included in the application. International research shows that the land surrounding incinerators can be extensively contaminated with heavy metals, microplastics and other toxic emissions including dioxin.
- Stormwater from the site will be discharged into the Mangapiko Stream. This water is likely to be contaminated with heavy metals and dioxin. Filtration systems and settlement ponds do not eliminate all of the toxic products meaning these will make their way into the waterways.
- One of the emissions from burning tyres/tyre derived fuel is zinc oxide which has not been modelled and which is highly toxic to aquatic life.
- The huge earthworks over several years will impact the health and wellbeing of the Mangapiko River.

D. Inappropriate land use

- The site is totally unsuitable for a large scale waste incinerator. The current “Specialised Dairy Industrial Area” designation means that the land use is intended to ensure that any activity there is aligned with Fonterra’s activities.
- It is not appropriate to have an incinerator burning millions of tyres next to a milk

production facility.

- This area is not identified as an area for industrial development in the District Plan. Two areas are identified for industrial growth: at Bond Road and Paterangi Road.
- The location of a heavy industrial operation immediately next to existing and planned residential housing, schools and food businesses, and operating almost continuously, is not appropriate and conflicts with the intentions of the Waipā District Plan and Growth Strategy for the community. Instead of the town growing, people will go elsewhere or leave.
- The very large size of the building and stacks does not fit in with the area. It will dominate, have a significant impact on the landscape and turn the entire area into the feel of an industrial zone. It will be visible from most parts of the town. Any businesses relying on Tourism will be negatively impacted. Te Awamutu calls itself the 'Rose Capital of New Zealand'. During the rose season, November to April, the garden next to the visitor centre is a great attraction. The museum is also planned to be a big drawcard. So instead of a pleasant agriculture-based town, it will be much less attractive to visitors.

### E. Flooding

- Entire site is a floodplain - most of the site is designated a High Risk Flood Zone
- The river has been straightened and narrowed over time to enable development, this is now considered one of the major causes of flooding. Allowing rivers the ability to spread to accommodate severe rainfall events in future, protects infrastructure, business and housing from inundation.
- The new incinerator buildings would increase risk of flooding spread to the Fonterra factory and houses on Factory Road, particularly numbers 331-467.
- The Applicant wants to build its building lower than existing requirements (because it will cost them a lot more money to build to the required access levels). This will mean even greater risk to the community.
- Insurance companies are warning New Zealanders not to build on floodplains due to climate change. The incinerator may become uninsurable, and the community left with any clean up bill.

### F. Climate change

- The incinerator will use non-renewable material (plastic waste, tyres, mixed solid waste & floc) to create energy: this is equivalent to a fossil fuel production plant, but much dirtier and riskier because of the different composition of the materials.
- The addition of non-renewable energy from waste works against efforts to decarbonise the energy sector.
- The incinerator will be a massive contributor to climate change. It will directly add about 150 kilo tons per year of CO<sub>2</sub>.
- The facility would have a carbon footprint many times greater than the same amount of waste being sent to landfill in this area.

To keep the plant running efficiently, more waste must be imported from areas outside Waipa. This will increase the traffic and pollution and the solid waste which must be disposed of.

### G. Hazards, Risks, Toxic Ash and other toxic byproducts

- The incinerator would produce 23 tonnes/day of toxic ash which has to be landfilled. Incinerator ash contains heavy metals, microplastics and dioxins.
- The storage of highly contaminated wastewater and other hazardous substances on site risks spills and wider contamination.
- There is no risk assessment of the possibility of fire or explosion or chemical leakage or natural disasters despite the storage of hazardous materials and highly flammable feedstock. The community only has a volunteer fire brigade.

### H. Feedstock, Waipā waste minimisation, zero waste alternatives:

- Te Awamutu will need to import almost all of the material for this facility from outside of the district. This is not a proposal for the benefit of the community. While electricity will be generated, it will go to the National Grid and not Te Awamutu specifically.
- The company has no contracts for the delivery of the feedstock except from its own operations (as Global Metal Solutions). This means it is impossible to know what hazards, risks and emissions exist because only a small percentage of the feedstock is known. It also means that the company is more likely to burn recyclable materials and other things because it must always continue to operate. It will directly work against efforts to minimise waste.
- The inclusion of 35,058 tonnes of plastic (as well as a considerable portion of MSW that includes plastic) does not align with the recently released National Plastics Action Plan for Aotearoa New Zealand by the Ministry for the Environment.
- Incineration does not replace the need for landfills - instead it takes ordinary materials and concentrates them into more toxic ash.
- The Waipā District Council has a great Waste Minimisation Plan and opportunities for more comprehensive zero waste strategies that would fit with the goals to minimise wastes, while meeting community aspirations for a healthy environment, job creation and mitigation of climate emissions.
- Investing hundreds of millions of dollars into an incinerator locks in the need for continued production of waste, meaning the community misses out on other better waste uses (like reuse, repair and repurposing).

### I. Human Health

- There is no human health risk assessment of this proposal.
- The incineration plant is a hazardous facility with serious risks of harm to human health.

The plant will emit cancer-causing dioxins and furans, sulphur dioxide, nitrogen oxide, mercury and micro-particulate matter will be released into the air.

- Dioxins damage the human immune system and cause cancer. Studies have shown direct links to non-Hodgkins lymphoma, increases in risks of miscarriages and pre-term delivery of babies. There are links to reduced male fertility. Exposure to particulate matter impacts those with respiratory problems such as asthma, cardiovascular issues, the elderly and children.

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

- In the Netherlands, research conducted indicated that the high dioxin output from waste incinerators could be responsible for contamination of cow's milk and meat. As a result, the production and sales of dairy products from was prohibited for several years.
- In 2016, human-made (anthropogenic) air pollution in New Zealand resulted in an estimated 3,317 premature deaths (in people aged 30+ years). The largest causes were NO2 and PM2.5. There were 32 premature deaths due to air pollution (PM2.5 and NO2) in Waipā District (among people aged 30+ years) in 2016. The incinerator will significantly add to these pollutants, and therefore, contribute to the premature death of Waipā residents.
- Under NZ's air quality standards, it is illegal to burn even one tyre because the health and environmental effects are so toxic - yet, this project is proposing to burn 35,000 tonnes a year. Burning tyres emits cyanide, carbon monoxide, sulphur dioxide, and products of butadiene and styrene. The smell of tyres burning will fill the town.
- The odour and dust risks have not been adequately assessed. There is no indication of how often the start up/maintenance will be done and permitted levels exceeded.
- There will be significant additional traffic in a residential area, adding to air pollution and impacting those who are old, very young and immunocompromised. It will change the nature of the community from a quiet residential street to an unsafe and busy thoroughfare of trucks at all hours of the day and night

**I seek the following decision from the consent authority:**

I want the Waipā District Council to decline this application.

**I wish ~~(or do not wish)~~ to be heard in support of my submission.**

- I do wish to be heard in support of my submission  
(this means that you will speak at the hearing)
- I do not wish to be heard in support of my submission  
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- If others make a similar submission I will consider presenting a joint case with them at the hearing.

**You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.**

- I have served a copy of my submission on the applicant.  
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I request/~~do not request~~\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Postal address: 1 Oak Lane, Pirongia 3802

\_\_\_\_\_  
(or alternative method of service under section 352 of the Act):

### Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to [submissions@waipadc.govt.nz](mailto:submissions@waipadc.govt.nz).

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

### Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4), Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
(b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

The entire application

My submission is:

Support parts or all of [ ] Oppose parts or all of [x] are neutral parts or all of [ ]

include—

- the reasons for your views.

The toxic dioxins, ash and waste water that will be left in our air, land and waterways.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

To decline the application

I wish (or do not wish) to be heard in support of my submission.

- I do wish to be heard in support of my submission (this means that you will speak at the hearing)
I do not wish to be heard in support of my submission (this means that you will not be advised of the date of the hearing and will not speak at the hearing)
If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

# Submission on a Notified Resource Consent Application

## Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

This is a submission on:

**APPLICANT'S NAME:** Global Contracting Solutions Limited

**LOCATION:** 401 Racecourse Road, Te Awamutu

I am/am not a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/am not directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

---

---

---

My submission is:

Support  parts or all of  **Oppose** parts or all of  **are neutral** parts or all of

include—

- the reasons for your views.

---

---

---

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

To deny consent for this application

I wish (or do not wish) to be heard in support of my submission.

- I do wish to be heard in support of my submission  
(this means that you will speak at the hearing)
- I do not wish to be heard in support of my submission  
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- I have served a copy of my submission on the applicant.  
(this is required by section 96(6) (b) of the Resource Management Act 1991)

**Sylvia Davies – Reasons for why the Waste incinerator proposal is opposed:**

This technology is untested so all the effects both short and long term are unknown.

It is being made acceptable to the general population by promoting it as a “waste to energy” plant, whereas it is foremost and clearly an incinerator using untried technology. Worldwide incinerators are scientifically proven to be unacceptable for many reasons to do with the hazardous outcomes, potential harm, human health effects, etc.

The fact that tyres, known to be very toxic, and a huge number of them are included in the waste incineration.

The fire hazard this is and how a small volunteer fire brigade could cope.

The company, Global Contracting Services, have not been able to satisfy scientifically, the pollution consequences which cannot be predicted accurately and therefore a potent possible threat to the environment.

Why is this site, in a suburb of a small town, deemed to be suitable? I live in Racecourse Road and the proposed site is close to residential houses, a Wanaanga, two kindergartens, horse stables, the only high school in the district, and the river. It is a low-lying area (I have walked around the area many times) as I saw when one of my dogs bolted into the site and I had to fetch him. Our street will have to carry an increased number of huge vehicles, it is an ordinary suburban road and I believe will not manage the number and weight of the vehicles bringing waste from all over the North Island ... I have heard Auckland, Hamilton, and Tauranga at the very least. Tyres from everywhere.

I am 77 years old; my daughter, son-in-law and grandchildren and I live in Racecourse Road. I have Copd, my granddaughter is treated for chronic allergies and there is also an immunocompromised condition, all of which make us vulnerable.

I have spoken to, listened to, and read many articles and studies on this topic of incineration, and unfortunately, I am not able to speak eruditely about the issues, however they are compelling and make me certain that this application should not go ahead.

I request/do not request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

#### Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to [submissions@waipadc.govt.nz](mailto:submissions@waipadc.govt.nz).

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

#### Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

# Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

This is a submission on:

**APPLICANT'S NAME:** Global Contracting Solutions Limited

**LOCATION:** 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/am not directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

THE WASTE INCINERATION PLANT APPLICATION.

My submission is:

Support parts or all of  Oppose parts or all of  are neutral parts or all of   
include—

- the reasons for your views.

- THE RISK TO THE HEALTH OF OUR PEOPLE AND ENVIRONMENT DUE TO EMISSIONS FROM THE SITE.
- THE INCREASE IN VOLUME OF HEAVY VEHICLES IN OUR STREETS.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

I AM REQUESTING THAT THIS APPLICATION FOR THE WASTE INCINERATION PLANT BE DECLINED BOTH BY THE WAIPA DISTRICT COUNCIL AND THE WAIKATO REGIONAL COUNCIL.

I wish (or do not wish) to be heard in support of my submission.

- I do wish to be heard in support of my submission  
(this means that you will speak at the hearing)
- I do not wish to be heard in support of my submission  
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- I have served a copy of my submission on the applicant.  
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I request/do not request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

decline Application

I wish (or do not wish) to be heard in support of my submission.

- I do wish to be heard in support of my submission (this means that you will speak at the hearing)
- I do not wish to be heard in support of my submission (this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- I have served a copy of my submission on the applicant. (this is required by section 96(6) (b) of the Resource Management Act 1991)

I request/do not request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: RF AD

(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 11-10-23

Contact person: BOCCO DRIVER

(name and designation, if applicant)

Postal address: 466 Mangapiko St Te Awamutu

(or alternative method of service under section 352 of the Act):

#### Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to [submissions@waipadc.govt.nz](mailto:submissions@waipadc.govt.nz).

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

#### Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

This is a submission on:

**APPLICANT'S NAME:** Global Contracting Solutions Limited

**LOCATION:** 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

**The specific parts of the application that my submission relates to are:**

- \_1. The discharge of carbon dioxide (CO<sub>2</sub>) into the atmosphere and other impacts of pollutants including noise on neighbours (including ourselves). Questions referred to WRC.
- \_2. Impact on neighbouring activities, specifically the ecological corridor.
- \_3. Unproven in New Zealand. Neither the Meremere proposal nor the West Coast proposal proceeded. International players don't believe WtE can be done profitably in NZ. See Berl.

**My submission is:**

**Support** parts or all of  **Oppose** parts or all of  **are neutral** parts or all of +  
include—

- *the reasons for your views.*

- \_1. What impact on species in the ecological corridor adjacent to the site?
- \_2. I want more robust evidence of the feasibility of proposal.
- \_3. Is Hampton Downs a more appropriate site for this project?
- \_4. I want more robust economic feasibility data.

**I seek the following decision from the consent authority:**

*give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought*

- \_1. I want robust science on impact on species in the ecological corridor.
- \_2,3,4. I want to see analysis of appropriateness of site, feasibility of this project and verse other sites e.g Hampton Downs and economic analysis from a reputable unbiased source.

**I wish (or do not wish) to be heard in support of my submission.**

- Yes. I do wish to be heard in support of my submission  
(this means that you will speak at the hearing)
- I do not wish to be heard in support of my submission

I seek the following decision from the consent authority:

(Give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought.)

I want the consent authority to confirm they have robust science on the discharge of emissions, in particular carbon dioxide (CO<sub>2</sub>) to the atmosphere associated with operating a Waste to Energy plant. In fact on the whole carbon dioxide (all 'greenhouse' gases) footprint of the waste from remote collection point to combustion and disposal of the remaining material and life of this material.

I want the consent authority to confirm they have robust science on emissions, including sound and smell likely to affect the neighbourhood including ourselves.

I want the consent authority to provide full transparent evidence that they have demonstrated genuine concern for the environment, and concern for the neighbours (including ourselves) in close proximity of the plant.

I want the consent authority to provide robust science that demonstrates this proposal is the very best long term

Please tick either yes or no to the following options:

I/we wish to be heard in support of this submission

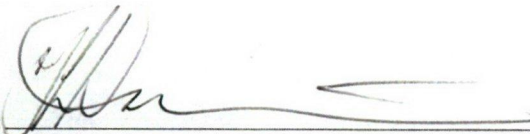

Yes  No

I/we will consider presenting a joint case at a hearing if others make a similar submission

Yes  No

*Thomas Leslie Davies*

Signature of submitter:

Date:

*12 Oct 2023*

(or person authorised to sign on behalf of submitter)

The information you have provided on this form will be stored on a public register and held by the council. The details (including your name and submission contents) may also be made available to the public on the council's website or on request, with your contact details removed. These details are collected to inform the general public and community groups about all consent applications which have been received by the council. If you would like to request access to, or correction of your details, please contact the council.

# Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),  
Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

(a) adversely affects the environment; and

(b) ~~does not relate to trade competition or the effects of trade competition.~~

The specific parts of the application that my submission relates to are:

My submission relates to the whole application  
& its close proximity to residential areas  
school, kura, Kohang Reo & Daycare's.

My submission is:

Support parts or all of  
include—

Oppose parts or all of

are neutral parts or all of

- the reasons for your views.

I am a nurse at the local medical centre and am  
concerned about the location of the incinerator  
to our patients. \*

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

I want the waipa district council to  
decline this application. \*There is not enough  
evidence that this organisation can run this  
Plant safely. It would be better suited in an isolated  
I wish (or do not wish) to be heard in support of my submission. area not in a populat  
town.

~~I do wish to be heard in support of my submission~~  
(this means that you will speak at the hearing)

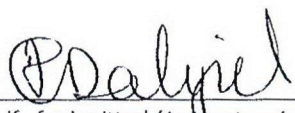

I do not wish to be heard in support of my submission  
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)

~~If others make a similar submission I will consider presenting a joint case with them at the hearing.~~

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

I have served a copy of my submission on the applicant.  
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I request/~~do not request~~\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

## Submission addendum

Rebecca Dickinson

Waipa District Council application number: LU/0323/21

Waikato Regional Council application number: APP143988

My name is Rebecca Dickinson, and I am a British expat who moved with my family here to live in a country whose values aligned better with our own. I am a mother, business owner, and active member of the Waipa community, and I am vehemently opposed to the proposed Waste to Energy Incinerator that Global Contracting Solutions Limited has requested consent to build at 401 Racecourse Rd in Te Awamutu because it goes against NZ's commitment to respect the environment AND protect the health of our community.

I oppose this application because the proposed incinerator will produce dioxins that are cancer-causing even in extremely low levels. These WILL be emitted into the air, and WILL settle on the land and in the water. There is NO safe level of dioxins, as they accumulate in our bodies and in the bodies of our livestock over time. I do not want myself, my family and friends to become sick because of exposure to these dioxins. I do not want our local farming operations to go bust because the livestock have become so contaminated that no one wants to buy the meat or milk (which has happened in the Netherlands where incinerators of this type exist).

I also oppose this application because Global Contracting Solutions Limited has exactly ZERO experience operating a municipal solid waste incinerator. It is simply a scrap metal business. The company already has a negative track record of violating resource consent conditions in their existing Hamilton operation – WHY ON EARTH allow a company who is already violating their resource consent in one area to build a new, facility that will use untested technology in another location?

I oppose this application because this plant will operate off diesel fuel – thousands of gallons per day – that is a fossil fuel. How on earth can one justify burning industrial waste (tyres, metal, flock) with diesel fuel while releasing toxic compounds into the air and water and in the same breath call it good for the environment and the community?!? Words fail me.

I oppose this application because NZ has NO other facilities like this and is therefore highly inexperienced in monitoring these types of facilities and has very few laws in place to protect the public from incinerator facilities and the toxic outputs (ASH) they produce.

I oppose this application because the location of a heavy industrial operation immediately next to existing and planned residential housing, schools and food businesses (including 1800 children who attend the schools and daycares within 1KM of this proposed site), and operating 24-hrs/day, 7days/week is not appropriate and conflicts with the intentions of the Waipā District Plan and Growth Strategy for the community.

I oppose this application because the proposed facility will produce two different types of ash – to the tune of 23 TONS per day - ash that falls to the bottom of the machine and 'fly ash' that will be emitted from the stacks and escape into the air. The applicant has NOT identified where they will dispose of this ash, and that is not acceptable.

Finally, I oppose this proposed facility because the applicant has conducted NO human health risk assessment OR environmental impact study. Under NZ's air quality standards, it is illegal to burn

even one tyre because the health and environmental effects are so toxic - yet, this project is proposing to burn 35,000 tons per year. Burning tyres emits cyanide, carbon monoxide, sulfur dioxide, and products of butadiene and styrene.

I ask you to please STOP this project and decline their application – for not only MY health and the health of my community but to protect all of NZ from being subjected to the backward, nonsensical precedent that would be set by allowing this to go ahead.

Rebecca Dickinson

I request/do not request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4), Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I am/~~am not~~\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
(b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

The whole application

My submission is:

Support parts or all of [ ] Oppose parts or all of [X] are neutral parts or all of [ ] include—

- the reasons for your views.

I oppose the entire application and wish that W.D.C. decline this as it should NOT be in the middle of a neighbourhood and near schools Kohanga Reo; Wananga. The pollution emission will contaminate people, animals, water and soil

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

decline all parts of the application

I wish (or do not wish) to be heard in support of my submission.

- [X] I do wish to be heard in support of my submission (this means that you will speak at the hearing)
[ ] I do not wish to be heard in support of my submission (this means that you will not be advised of the date of the hearing and will not speak at the hearing)
[X] If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- [X] I have served a copy of my submission on the applicant. (this is required by section 96(6) (b) of the Resource Management Act 1991)

I ~~request/do not request~~\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: NANCY DANAHER Nancy Danaher-light  
 (or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 13/10/2023 Contact person: ABOVE  
 (name and designation, if applicant)

Postal address: 27 Pelaney Ct Te Awamutu, 3800  
 (or alternative method of service under section B52 of the Act):

#### Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to [submissions@waipadc.govt.nz](mailto:submissions@waipadc.govt.nz).

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

I am a resident of Ohaupo having moved from Taylor Avenue just a few months ago

I am amazed that the council is even considering giving consent to a plant such as this to be located so close to a residential area and horse stables. The noise, air, storm water implications are huge.

The estimated number of trucks to truck in the volume of rubbish talked about to be incinerated will not only damage the roads far more quickly but will hugely increase the traffic volume and noise pollution in the area.

There is a new subdivision being built on the hills overlooking the racecourse with an awesome view over Te Awamutu and surrounds, and the proposed incinerator plant, will have the property values hugely devalues before they are even sold if this plant gets the green light.

The pollution into the atmosphere, the noise from the plant and the truck traffic volume will all add to a devaluation of all residential properties on the racecourse side of town. The size of a plant such as this will impact the whole of Te Awamutu not just the plant's immediate neighbours, from the atmosphere and noise pollution perspective. For example, the noise from the dairy factory can be heard day and night in Taylor Ave where we lived and was worse if the wind was blowing in that direction. So it is not only the neighbours who will suffer the consequences but the whole town, but the existing immediate neighbours and horses will not have a choice. Once the plant is there and the impacts of it on the neighbourhood become apparent it will make it too late for those residents to move away from the area and still retain the full value of the investment they have made in their homes.

A plant such as this should not be built close to town. If it is to be built is should be a considerable distance from habitation where its noise impacts in particular are not so great, but its affect on the air and storm water will still be immense.

Regards

*Phyllis Dean*

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- I have served a copy of my submission on the applicant. (this is required by section 96(6) (b) of the Resource Management Act 1991)

I ~~request~~/do not request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter:  \_\_\_\_\_  
(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 13/10/27 Contact person: Robin Duncan  
(name and designation, if applicant)

Postal address: \_\_\_\_\_  
(or alternative method of service under section 352 of the Act):

**Notes to submitter**

If you are making a submission to the Environmental Protection Authority, you should use form 16B. The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons. If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991. You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority. If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840. If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to [submissions@waipadc.govt.nz](mailto:submissions@waipadc.govt.nz). If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity. Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

**Privacy information**

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

# Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/am not directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

My submission relates to the whole operation, waste incinerators combustions form dioxins and nanoparticles

My submission is:

Support parts or all of  Oppose parts or all of  are neutral parts or all of

include—

- the reasons for your views.

It always creates a stench we don't know what dioxin levels are put out & what ill effect on people health. Also the nano particels can lead to a long term health issues.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

I oppose this application, it is not at all suitable in a residential area. In the EU they abolish these incinerators, we don't want to find out in 20 years time there is a lot more health issues I wish (or do not wish) to be heard in support of my submission. in this district.

- I do wish to be heard in support of my submission (this means that you will speak at the hearing)
- I do not wish to be heard in support of my submission (this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- I have served a copy of my submission on the applicant. (this is required by section 96(6) (b) of the Resource Management Act 1991)

I request/~~do not request~~\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- [x] I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I ~~request~~/do not request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: SAEK  
(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 13-10-23 Contact person: CATHARINE DICK  
(name and designation, if applicant)

Postal address: 699 PARK ROAD TE AWAMUTU 3800  
(or alternative method of service under section 352 of the Act):

### Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B. The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to [submissions@waipadc.govt.nz](mailto:submissions@waipadc.govt.nz).

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

### Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4), Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited
LOCATION: 401 Racecourse Road, Te Awamutu

I am/am not\* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/am not directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
(b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

all of the application

My submission is:

Support parts or all of [ ] Oppose parts or (all of) [x] are neutral parts or all of [ ] include—

- the reasons for your views.

conflicting information - clearly not all of the information is being made available. There concern about potential release of toxic particles into the environment, based on other examples of this type of plant.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

decline application.

I wish (or do not wish) to be heard in support of my submission.

- [x] I do wish to be heard in support of my submission (this means that you will speak at the hearing)
[ ] I do not wish to be heard in support of my submission (this means that you will not be advised of the date of the hearing and will not speak at the hearing)
[x] If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- [x] I have served a copy of my submission on the applicant. (this is required by section 96(6) (b) of the Resource Management Act 1991)

I ~~request~~/do not request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter:   
(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 13/10/23 Contact person: Logan Doull  
(name and designation, if applicant)

Postal address: 1/53 Brotherhood Rd, RD5, Te Awamutu.  
(or alternative method of service under section 352 of the Act):
